TOURNAMENT COMMITTEE

Tournament Director	Eliza Pylotis
PYSA President	Ferenc Karoly
Referee Assignor	Brad Dellenbaugh

ADDENDUM A – WEATHER POLICY

Decisions regarding suspending or restarting play due to weather conditions will be made at the sole discretion of the Tournament Director. Referees have the discretion to suspend a specific game due to safety concerns (other than lightning) on a specific field and shall so inform the Tournament Director (directly or via the Field Marshal or other Tournament Committee official).

Lightning Policy

If lightning is detected (regardless of the estimated distance or direction from the field), the Tournament Director shall immediately suspend play by sounding an air horn (one long blast) and relaying the suspension to the Field Marshals. Matches shall not be restarted until directed by the Tournament Director after no lightning has been detected for 20 minutes (signaled by two short blasts on the air horn).

Personal safety is the number one concern of the tournament and it will supersede any game situation. During a lightning suspension, all players, coaches, spectators, and officials are asked to move to a safe location (under tents and trees is not safe).

Suspended Matches

- If a game is suspended after at least one half has been completed, the score at the time of suspension shall be the final score.
- If a game is suspended within 5 minutes of the first half being completed and there is a two or more-goal differential, the score at the time of suspension shall be the final score.
- If a game is suspended with more than 5 minutes to play in the first half, or within 5 minutes of the first half being completed and less than a two-goal differential, the second half of the game shall be played when play is resumed. Note that the Tournament Director may reduce the duration of play for the second half.

Rescheduling Matches

Every attempt will be made to play all scheduled matches in the tournament. The Tournament Director may, at their sole discretion, reschedule matches and make changes to the schedule including, but not limited to, the following:

- use the time designated for a lunch break;
- reduce the duration of a match up to 50% (i.e. 20-minute halves vs. 25-minute halves, or play one half only) and schedule starting times at a shorter than one-hour interval;
- prioritize teams that have not yet played a game in the tournament;
- prioritize teams that have only played one game in the tournament (over those who have played two);
- prioritize games that will have a material impact on the final standings (U11-U16 only);
- declare games not able to be rescheduled as 0-0 ties.
- prioritize group matches over championship and consolation matches (i.e. in a group of 4 teams, trying to have all teams complete a round-robin where possible before scheduling a championship match).
- Matches on Sunday will not start earlier than currently scheduled.
